ID/PW based Access (Two User's Access) Please ask the library for ID/PW  
Steps to access the statistical information.

In the following screen, you can search the data required by you.

After doing above, links to desired data will appear on your screen. You will be allowed to download, store, and view in different format of data, as per your requirement. For sector wise data, please see the left hand side of the screen.

**Only two user's are allowed to access the database simultaneously. Please LOG OUT, after your work is over, so that others can access the database. Unless logged off, the ID/PW will be blocked for 30 minutes.**
